

# 2020.03.15 – EVEN IN THE DARKEST MOMENTS A LIGHT SHINES THROUGH

**LADY NADA** (Channeled by James McConnell)

I am Lady Nada. I appreciate this time that I and my Beloved, Sananda, can be with you here now in these moments, these *trying* moments for *many* across the planet.

These moments that you, those of you, the Light-Workers, the -Warriors, the Light-Bearers and -Sharers, *this* is what you have been working for, and waiting for, and praying for, for all to come to this point in love. And even though it does not appear to some, those that are still deeply enmeshed within the third dimensional illusionary matrix, to them it seems like chaos is reigning, now.

But to those of you that have prepared for these very moments that are ahead now, for those of you who see, you see beyond the curtain. You see beyond the veil. You see what is really there, what is really there now in this moment, not what is coming, but what is here now.

Because if you focus on the now moment, then everything else you realize is exactly where it needs to be, and you, right there, within the eye of the storm. Even now as the storm rages around you, you are safe within that eye, within the neutrality that you yourselves have created for yourselves. Because it is in that ‘neutral point’ where many of you are finding yourselves more and more.

It is in that neutral point where you finally realize that everything is indeed being orchestrated.

We do not want you to look and to see the fear that has arisen across the planet. We want you to instead to see beyond that, and to see the joy and the love that also has arisen. Because even in the darkest moments a light shines through, just as it is doing now. You have a saying: ‘it is always darkest before the dawn.’ And that is certainly true.

And even now, as you look out upon the vistas in front of you, if you see with the eyes of all of those that are still enmeshed within the third dimension, then you see turmoil, you see travesty, you see ugliness. But if you see with your third eye now that has been opened wide for most of you, and you see with *that* eye. then you see as *we* see. And we see only purity, only love, even in the deepest shadows of darkness. We see the light within. And we know that that light can come forth again. So if you are wanting to see all of those pay for their crimes, then you are still within that third dimension illusion. You are still operating at those frequencies. But if you can look as we do and see the glimmer of light, the glimmer of a flame still even within the darkest ones, then there is always a chance. Will they take that chance? Many will not. But that is not for you, or for us, to determine. That is their choice. Just as it is your choice to live *in* the world, but not be *of* it. To know that you are rising even in these moments into the higher vibrational frequencies within yourselves.

And you have nothing to fear except fear itself. Fear holds you back. Fear holds down your immune system. It doesn’t let it do what it is capable of doing. Let go of all fear. And what is left? Only love. And when you let go of all fear, you also let go of all pain and suffering.

Because when you have let go of fear and there is only love, you have reached the neutral point within you. And in that neutral point is where the God source

within you resides. The kingdom of heaven, the kingdom of God is within you, within *all* of us. Let that kingdom reign within you.

Moving forward now, you have *everything* right there in front of you. It is all being brought forward for *all*, not just those of you, but for *all* to see, for *all* to become aware of.

For those that continue to reside within the shadows of darkness, they are being brought into the Light, yes, even at times kicking and screaming. But they are coming forward. Will they be brought before you, and their crimes told to all? Maybe not. But it is not for you to judge that.

It is for you to accept that all is exactly as it needs to be, and the divine plan is working out exactly as it needs to. And all of you are more a part of this divine plan than you can even begin to imagine, at this point.

So continue raising your frequencies whenever you have the opportunity, whenever you can think about it. And the more you do so, the more it will become easier for you to think about it. And when you think about it, you bring about it. So allow for the frequencies to continue to rise the vibrations within you. To continue to reach up higher and higher, and find that sunlight that is coming through the clouds, now. Look, and you can see it, and see ahead of you all of the clouds parting, and the beautiful blue sky coming through. And the sunlight lighting up everything on the planet with brilliant light. And nothing within the atmosphere to hold it back. That is what is ahead, that you, those of you, have created here.

Continue now to trust in yourselves. To trust in your brothers and sisters all around you. To know that mankind has chosen love. Mankind has chosen the Light, and nothing that anyone who still loves the darkness can hold that Light back. For as you heard several weeks ago when KaRa spoke to you, she said

you have arrived. And you have all arrived now. Everything, my friends, my brothers, my sisters, everything is right there now in front of you and within you. Just reach out and take it for yourselves and for each other. For *nothing* now can hold it back. Continue to be right there in that eye of the storm as you are now, with the storm raging around you, but you safe and secure in the knowing right there in that eye that you again are exactly where you need to be. You, being the collective you.

That is my message for you at this time. Many more messages are coming forward now from many different sources to continue to prepare you for all that is coming and all that is already here now.

My peace and love be with all of you. And Sananda also gives his love to each and every one of you. For it is time.

### **ONE WHO SERVES** (Channeled by James McConnell)

Om, mani, padme, hum; om, mani, padme, hum; hum, hum. Greetings to you! One Who Serves here. Shoshanna here. And we are ready to continue on.

We hope that you have your popcorn and your candy or whatever it is that you use when you go to your movies, because the movie around you is quite profound, here, as we find it. It is quite an enjoyable show if you look at it that way.

It is when you go to a movie in your theaters and watch your movies. You can sit there, and you can be bored with it, and you can think, ‘this is nothing, this is not enjoyable,’ or you can sit there and you can *get into* the movie. You can

experience it. You can feel yourselves *one* with it. And then it becomes a whole different process for you.

Well, that is what you can do here. You can be aware of everything that is happening around you. You can even become involved in it in certain ways. You can become involved in it in the higher vibrational frequency ways, if you understand what we are saying.

Do not become involved in the fear part of it, become involved in the *joy* of it in what is coming, what is right around the corner. What is already *now* in motion.

We tell you this, and Lady Nada gave this to you: everything *is* in motion now. Everything is *exactly* where it needs to be. The plan is being followed exactly. And all of those of us, the Ascended Masters, the Company of Heaven, the Galactics, the Agarthans, all of us are sitting here with (what is your saying?)—‘bated breath’—crazy saying, but we are sitting here like that, and we are awaiting everything to occur here, and to see the joy in your faces as things continue to ramp up. And they are going to ramp up.

But as you also know, and as Lady Nada also said, “it is always darkest before the dawn.” And the darkness is here now, if you see it that way. But if you see it as the Light. If you see it as joy, and oneness, and peace, and peace coming to the entire world, if you see it that way, then that is the way you will perceive it. And we would say that is the higher consciousness way of perceiving everything, here.

So allow it to be. Allow yourselves to be. Allow yourselves to be in joy in these moments knowing that you are on the cusp, or the verge, or the

culmination of so much that you have been preparing for, and that we have been helping to prepare you for.

We are ready now for questions if you have any.

**Guest:** Yes, I have a question. But I have a question for my friend. He is a little bashful to come on and he wanted me to ask two questions. The first question is what happens to us when we pass on?

**OWS:** Oh, my goodness. That is a long, involved question. But we can tell you, and we know Shoshanna will likely have something to add here as well. But what we can tell you is it is not anything to be afraid of. It is something you have done many, many, many times before. And when it happens, you remember. The remembrance comes back to you.

Now, as we are saying this, we also want to add here that most of you, many of you, will not go through this again in this lifetime. It is not meant for you. You came here to be a part of this expression of the ascension process here, and to do so by taking your bodies with you. So most of you will not go through this dying process here again at this time. But again, as we say, you have done it many, many times, and there is certainly nothing to be afraid of. In fact, it is quite an enjoyable experience. At some point, when you are ready for it, much way down the line for most, you will experience that and remember, here.

Shoshanna, do you have anything to add?

**Shoshanna** (Channeled by JoAnna McConnell)

We can share on this. May we share, dear sister?

**Guest:** Yes, you may. Thank you.

**Shoshanna:** This process that human beings have gone through for millennia of passing out of their bodies has been an issue in this culture because there is much fear around this subject, and it is not talked about. It is not discussed. And, if someone brings up the idea of dying, they are shunned! “Do not speak of this!” But, we *must* speak of this because many will still go through that process.

What we will tell you is, it is not what your culture has told you. It is simply passing through a door. When the body decides it is no longer useful in this environment, it is simply cast off, and the astral body moves beyond and walks through a door into another world and can take on any other body as spirit of that body moves forward. It is an adventure. So we will tell you to look forward if you think that your body will be cast aside in this lifetime, you can look forward to a wonderful adventure of moving forward and discovering things that are not on this planet. That is what we have to share. Namaste.

**OWS:** Very good. And we also add here that times long ago in your ancient times of Lemuria, Atlantis, and others, when the dying process happened, it was not looked at in the respect that it is today in this culture, as Shoshanna has given. It was looked at as just a passing on: another adventure, as Shoshanna has also given, here. And when that one passed on, they knew that they were going to come right back in, in a different body, and resume right back where they were when they left. You see? They just lay the body down and come back into a new one.

But then there has been the religious control process that created the fear around the dying process, you see? But it is certainly nothing to fear, and Shoshanna has given perfectly it is a new adventure.

We are finding with The James, here, a movie, 'Lord of the Rings, Return of the King,' at the very end where the Bilbo says he is going off into a different dimension, as it turns out, and taking his physical body with him. In a sense, he was ascending. And he said, "I am going on a new adventure." So that is what we have for you on this.

Is there another question here on that? Or do we move on?

**Guest:** There was another part. He wanted to know if we come with the same intelligence in the next incarnation that we had before.

**OWS:** That is very difficult to answer here, because everyone is different. Everyone has their own experiences, their own life contracts.

**Shoshanna:** We can share.

**OWS:** Yes, please, you can, yes.

**Shoshanna:** May we share on this, Dear Sister?

**Guest:** Yes, please.

**Shoshanna:** The idea of intelligence is a judgment. You see, it is a silly judgment. Because what is intelligence? And who has it? And how much do they have? And it is a measurement that is very third-dimensional, as we do not even think of this in the higher dimensions. So what we would tell you is that what if you choose to come and reincarnate again in the third dimension, perhaps on another planet, perhaps on the third-dimensional Gaia, you will come based on what you need. What you need to progress your soul and your moving of consciousness into complete compassion, love, and understanding for

all. It does not matter how you see it, or if you were an Einstein or a rock. It does not matter. It is what your soul prefers, and it is what you have agreed to as a Being of Light. Namaste.

**OWS:** Very good.

**Shoshanna:** Does this answer your question?

**Guest:** Yes, I do believe you've answered it for him. I am speaking for him. But it sure did answer it for me. Thank you.

**Shoshanna:** Yes. Namaste.

**Guest:** Namaste.

**OWS:** Very good. Are there any other further questions, here?

**Guest:** Yes, Dear One.

**OWS:** Yes.

**Guest:** I would like to find out what's going to be the knowledge or the understanding of the people of what just occurred. I had always thought that this whole thing about having to bring things to light would mean that the population was going to know what had just been gone through, what atrocities, etc. Not that you want to sit there and watch it, like Romans in the Coliseum watching the people being eaten by the lions or anything horrible like that, just for awareness so that they could move on. And now we are hearing that maybe this will not come to the public's attention of what had actually occurred in a

dark sense. So what is going to actually happen, and why is that the best way to do it?

**OWS:** We can tell you that some will and some will not. There will be some that will come forward and others that will not. They will continue to remain in the shadows, and they will be taken out of the picture without fanfare, we will say, here. That, in some cases, will be some of those that will be able to make that choice. But others will not. There will be much that will be revealed. It is already coming to the forefront of your various human trafficking, and drugs, and all of these things, that are coming forward now that are being revealed to the public.

Your media, your mass media we speak of, the media that many still do pay attention to, still listen to, although many have left that. They do not respond to this anymore, or certainly react to it as they did before. So that is changing and will continue to change. And eventually the media will become a spokesperson for the people once again rather than for the corporation, you see. That will be the major difference, here.

So there will be much that will come forward, much that is going to be revealed, much that is already in the process *now* of being revealed, and each time these things come forward, it continue to raise awareness across the planet as well as consciousness.

And again, don't forget, these energies that are coming in, which is also *greatly* helping to raise consciousness much faster that it would have if it were not for these energies that have been granted by the Creator and by the Galactics to continue to assist this process, here. Okay? Shoshanna?

**Shoshanna:** We can share. Would you prefer that we share our perspective on this, Dear Sister?

**Guest:** Yes please.

**Shoshanna:** The being that you are, and the being that another is, are completely connected. There is no separation. What happens to you, happens to all, and what happens to all, happens to you. Your soul is an individual consciousness of the Source. And the path of your soul is enlightenment. No matter what the course or the path that you take, the soul wishes to join back with Source and become the Light and become enlightenment, and assist all to become one once more.

With that being said, what you need to know as a soul entity will be revealed to you for your enlightenment. What you do not need to know will not be revealed to you, because it will not assist you in your enlightenment, you see. It does not matter what the scuttlebutt is, it does not matter if he said, she said, that, this, and the other, what matters is the course that your soul wishes to take to achieve enlightenment, you see. So if you need to know something that will create enlightenment for you, which creates enlightenment for all, it will be revealed, you see. One must trust that this is how it goes. Namaste.

**OWS:** Very good.

**Guest:** Thank you, thank you. I have a Part B, may I ask it?

**Ows:** Yes.

**Shoshanna:** We love Part B!

**Guest:** (Laughter) We heard 99% of the people are ascending. But that still leaves 8 million people not. Is that a correct number, or will there be a lot more ascending than that, because 8 million seems like a lot of people.

**Shoshanna:** We can share. Do you wish for us to share first?

**OWS:** Yes, please do.

**Shoshanna:** Dear Sister, here is our perspective. If you are doing the math, then that will be your reality. We suggest to all that the focus is on their personal ascension, because as we said before, that which you achieve, you achieve for *all*. And that which all achieve, they achieve for *you*. Because *all* is ONE.

So we must tell you that there is a massive separation technique that has been designed in the third dimension to keep us disconnected from each other. So we will tell you it does not matter if it is 8 million, 8 billion, 80 trillion—it does not matter. Because *your* goal is to achieve your personal ascension. And again, your personal ascension will uplift all of humanity to whatever level they need to be uplifted. Namaste.

**OWS:** Yes. And we would add here that no one can predict how many there will be in the ascension process. It is not possible to even do so, because everything changes in the moment-to-moment basis. So one that would ascend, in the next moment might not, or vice versa. So it cannot be given. So anyone that has given this from any source: there needs to be much discernment used here on this. Okay?

**Guest:** Thank you.

**Shoshanna:** Does that answer your question?

**Guest:** Absolutely. Thank you so much.

**Shoshanna:** Namaste.

**OWS:** Yes. Are there any other further questions, here?

**Guest:** I have a question.

**OWS:** Yes?

**Guest:** I was wondering if there is a correlation, because the corona is also part of our sun, and it is the plasma part of our sun. I just wondered does this virus have anything to do with the entire light that is coming in with the purification process?

**OWS:** You have to understand that this particular virus is not new, No.1.

And No. 2, it is in the process of changing in many respects, here in terms of those that utilize this for their own needs and sometimes their own nefarious needs here in terms of the dark forces utilizing this virus for purposes that are meant for control and power, and all of these types of things.

But you also have to understand that it is also being co-opted, you might say, by those of the Light, the Alliance, whatever you want to call them, are utilizing this to bring about aspects that are needed to bring this entire ascension process forward. You see, those that are wanting to hold back ascension are using this

virus in a respect of doing so. Those that want to bring ascension *forward* are using it in *that* respect, you see? Does this answer your question first of all?

**Guest:** Yes it does, thank you.

**OWS:** Shoshanna, do you have anything you wish to add here?

**Shoshanna:** Well, we can add a perspective here, if we may.

**Guest:** Of course.

**Shoshanna:** Dear Sister, we must explain that the name of a virus is irrelevant. The scientist who named the group of viruses many years ago (we find it six decades ago), called ‘Corona,’ they named it for the shape of it. Because scientists are very mathematically minded, and they saw the coronal shape of this virus, and said “oh, we will call it ‘Corona.’” It is not with any depth of understanding, it is not with any depth of consciousness, it was a measurement in geometry that created the name. What we will tell you though, is underlying any incident or situation that occurs on your planet is up to those that have the consciousness to bring it about in a higher frequency and a higher understanding for all of humanity. So you see, the name is pretty irrelevant. Namaste.

**OWS:** Yes. Very good.

**Shoshanna:** Does this make sense?

**Guest:** Yes. I think it is probably just a personal connection for me, then.

**Shoshanna:** Yes. And we will say that those that are analytical, which is most, because most beings have been given an analytical layer to their brains,

will attempt to have a meaning behind everything. All the time the meaning is created by the being that sees it, feels it, hears it, and experiences it—that is the meaning for that being. Namaste.

**OWS:** Very good. Are there any other further questions here, before we release channel?

**Guest:** Hello, One Who Serves?

**OWS:** Yes?

**Guest:** I just wanted to express to all of our ascended counterparts my gratitude my very deep, deep gratitude for all you have done for us to allow us to remember the unity and to come out of the separation. And I just love you all so much. And I just wanted to express that gratitude to you. Thank you.

**OWS:** We love you all so very much as well. But we also express our gratitude to you to continue the fight here, the fight for Light, here. And to be here now in these moments, after volunteering so long ago and continuing this process. You could have passed a ways from this many times previously, but you always said before coming into the next life, you always said, “no, I need to complete this process; I volunteered for it, I need to complete it.” And here you are now. So we commend you. We bow to you, as was given by Aramda some time ago, here. We bow to you. It is not the other way around. Shoshanna, anything you wish to share on this?

**Shoshanna:** We wish to share on this. May we share our perspective, Dear Sister?

**Guest:** Yes please, Sister.

**Shoshanna:** Dear Sister, gratitude *is* the element of love that connects everything. So, when any being experiences gratitude, they experience *oneness!* They experience connection with *all!* And that is all there is! So, the more deeply in gratitude we all are for anything that is occurring, we bring about oneness. Namaste.

**OWS:** Very good.

**Guest:** Thank you, Sister.

**OWS:** Do you have parting message, here, Shoshanna? Or was that it?

**Shoshanna:** We will give a message. May we?

**OWS:** We will offer to all the being that have listened to this call, and that will listen to the recordings, that if you are listening and you are participating, you are all the harbingers of the Event, the ascension, and you will raise humanity to heights that it has never experienced before. *You* are the *ones* you have been waiting for! You are the change that you wish to see in the world.

Congratulations to *all* of you, as we are deeply in love with each one of you, and we praise you, appreciate you, and are in deep gratitude because your frequency has raised ours. Namaste.

**OWS:** Very good. Wonderfully said. And we simply add here to keep being where you are now in these moments. *Be* in the moment. Don't be in the past.

Don't hold yourself in the past. Don't remember the past. Don't hang onto the past. Let it go.

And, while you are letting it go, forgive everyone in any way, shape, or form, that harmed you, any time in that past. Forget it all. Let it all go.

And then, once you have done that, you are now in the present moment, and in the present moment in that neutral place within you, then everything can continue to go all around you, and the storm and all of this, and you are perfectly safe and sound right here, now, in the moment; in this very moment, you are perfectly safe and sound. That is all we wanted to say.

Shanti. Peace be with you. Be the one
