

# 2020.08.09 - ANCIENT AWAKENINGS – PREPARE FOR CHANGE

Sunday Call 20.08.09 (St. Germain, OWS)  
James & JoAnna McConnell

(Comments by St. Germain during meditation)

(The Wave)

...This is THE wave. This is the tsunami of love. The Event. Which brings The Great Changeover which follows The Great Awakening which you are in now. See this wave now spreading out across the planet as a tsunami spread. But unlike a regular tsunami, there is no end to this one till it has spread across the entire planet in every direction. Every direction, now, it spreads, engulfing everything in its wake with higher consciousness, higher vibrations, love. Continue to see this wave spreading all across the planet, engulfing all life forms, whether human, animal, plant, or mineral, raising consciousness as the Earth, as Gaia herself is raising consciousness, is moving into those higher dimensional frequencies. See the entire planet, all life on the planet also moving with her. And see light everywhere.

Many will be able to see the light. Some will only be able to feel it. Feel the experience. Feel the bliss that comes from it. Some will see colors. Some will see it as energy, certainly feel it as energy.

Nothing like you have ever felt before. And, of course, see all the resultant changes that come as a result of this, how man changes, man or his/her fellow man. There is no more inhumanity, but is now just humanity sharing love, spreading love, feeling joy, spreading joy. All that was of darkness: fear, anger, hate, jealousy, judgment, all of those have been washed away with the tsunami of love. Nothing is left. Light, love, oneness, pure joy, togetherness.

Now begin to find yourself moving back toward your physical body. Back down.

(The Violet Flame)

Become particularly aware of your Violet Flame. Now, that is a shield that you can bring up any time you want. A shield to hold off any negativity of any kind to shield yourself from. Keep yourself in that neutral state as much as absolutely possible.

Let the Violet Flame be one of the tools that you can use to remain neutral. Know that all the old programming is being washed away and burned away. The more that you know that and realize that, the more you will be able to move on with your life, remaining higher in those higher vibrations, higher frequencies, moving through your Ascension process into those higher dimensions. ...

SAINT GERMAIN (Channeled by James McConnell)

I am Saint Germain.

I come again at this time to continue to bring you along, to help you along, to continue to guide you, as well as the many other guides that you have that are helping you do to so, to move through this Ascension process. Because, my friends, you are right in the midst of this Ascension, now.

All the things that are seemingly negative that are happening around you are actually all part of the orchestration, the great orchestration, which is bringing the Great Awakening now. You, each one, have to know that you are a strong part of this Great Awakening.

Yes, there is an Alliance. Yes, the Galactics are here, and part of the Alliance. There are many, many that are helping in assisting.

But those of you, which we like to call the 'Boots on the Ground,' those of you are the ones that have to go out day after day and be a part of this illusion, but not be the illusion yourself. Just be in it, but not of it. To continue to live your life to the best that you possibly can. To hold that neutral state as much as you possibly can.

And it is up to you, now that you are the awakened ones, it is up to you to assist wherever you can to help others awaken. Be the beacon for them, so that they now can find the light, just as you have. You can be the beacon that calls all the ships to you if you wish to do that. You can be the Warrior with Michael's Sword of Truth, and spread that truth wherever you can.

You speak about the masks and the social distancing, and all of these things that are being used to control the people. And those of you know that it is nothing more than that. It is a control tactic that they have used again and again in many different ways. This is just one more way.

But they are coming to the end of their tactics. They have extended their playbook as far as they can at this point. And every time that they bring out what they think is a new play to bring out upon the population, those of the Alliance are ready to take what they put out there and be able to turn it around against them. That is what it is all about in the higher vibrational frequencies and in the higher dimensions.

Whenever there is any kind of an attack on those of the Galactic ships, they do not attack back. They simply take what is sent to them and reflect it back onto the ones it came from.

That is what you are doing now. That is what the Alliance is doing now. Taking what is being given and reflecting it back. And whenever you have the opportunity to assist one that is on the verge of awakening. It can be your responsibility to assist in that process if you so desire to do so. There is no judgment. No one is telling you you have to do that.

But it is time for all of you to move from that worker state to the warrior state. That is what this group is about. That is why you have all been brought together. You haven't been brought together to sit on your couches and watch the world go by around you. That is not what you are here for. You are here to help the awakening process. You're here to help bring the independence back to the people of this planet. That is your goal. That is your mission that you volunteered to come here for.

But now that you are in the midst of it, some of you are saying you don't want to do this anymore. You've become tired. You've become disillusioned at times. But now is the time to pull yourself up and reach even higher to your Higher Self.

Reach higher than you've ever gone before and say along with Prime Creator: "Enough is enough! And we are not going to stand by and allow our freedoms to be taken away!" And as you do that, as you declare your independence within you--as you say "No more!"--that reverberates out to all around you, even though they may not at a conscious level know it, it is reaching out to all, and more and more are awakening in this way. But it takes all of you to help this awakening process.

Many will not awaken on their own, even though you may have heard that they will. Many will not. Many need that impetus. Many need something to give them a nudge, just as we have been giving you nudges, guiding you along here and there, wherever it is possible to do so. That is what is for you as well, to give those nudges.

For as we have been telling you, you are going to be us. You are in preparation to become those Ascended Masters, and to then be able to reach back and assist others in also their Ascension process.

Be in the First Wave. And if you are ones that are to be in the First Wave, you have to show the ideal. You are the Wayshowers. You are preparing the way. It is up to you to be the way so that others can follow after you.

Just as Yeshua said, "I am the way, the truth, and the life (or the light)," that is what you are, each and every one of you. You are all Christs becoming, all taking on the Christ Consciousness.

And the Christ Consciousness calls for change, calls for adaptation to move along, to move into and through this Changeover, through this transition that is occurring right now. You are in the midst of the transition, in the midst of your Ascension.

Now it is time to pull yourselves together more than ever and realize that this is your mission, to reach out and help one another to awaken just as you have.

I am Saint Germain, and I leave you now with peace and love. And that the Violet Flame continues to work within you to purge out everything that is of the old paradigm, as well as the Violet Flame reaching out to many, many others throughout the planet to purge all the old iniquities, all the old paradigm, the old programming so that life here on this planet can be born again new into the New Golden Age of Gaia.

ONE WHO SERVES (Channeled by James McConnell)

Om, mani, padme, hum; om, mani, padme, hum; om, mani, padme, hum, hum, hum. Greetings to you! One Who Serves here.

You can unmute your phones now. We are ready for your questions if you have them. Are there any questions from those of you out there in what we used to call 'phone-land.' We called it 'Zoom' over the weekend here, but now it is 'phone.' Do you have questions, here?

Guest: I have a question, One Who Serves.

OWS: Yes?

Guest: I was wondering, are the banking systems collapsing soon, and should we be investing in things like gold, silver, property to keep ourselves safe?

OWS: We did not hear the first part of that. What is collapsing?

Guest: The banking system, the financial system.

OWS: Yes. Your fiat financial system, is that collapsing? Is that what you are asking?

Guest: Yes.

OWS: We can tell you that it is in the process, certainly, of doing so.

Your president, President Trump, is very much aware of the system, has been a part of that system for a very long time, but he also knows of the new system, the new quantum financial system that is going to be introduced. And he knows that he has a part in playing in that introduction, here.

It is in process of not falling apart, because that would be catastrophic to your population around the entire planet, here. So it is something that must happen along the way, we will say. Little by little in the beginning, but gaining momentum, until the point where it can be completely overhauled, and the new financial system be introduced--seamlessly. That is what they are looking for. That is what your Alliance is looking for, is to bring this this process through the transition seamlessly. Okay?

Guest: Beautiful. So, investing in gold, silver, and property, would that be a good idea at this point?

OWS: We are not in the process or the habit of suggesting to you in that type of terminology, what you should or should not do.

But we can tell you that whatever feels right to you, if it feels right, then go with it. You have your Higher Self that you are connected to. Simply ask your Higher Self and you will be guided in the proper manner, whether it is to invest in these various things that you are asking, or something of another nature, here, we will say. Okay?

Guest: Very good. Thank you so much.

OWS: Yes.

Guest: I have a question, can you hear me?

OWS: Yes. We hear you.

Guest: I just wonder if you can verify a website that I've found that says that 5G towers have been refitted to broadcast 432 hertz to make 5G safe and actually good for our bodies.

OWS: There is a process that is occurring right now where those that are of the Light are working on this system, working on this particular technology to make it a safe process, here. So they are very aware of the ramifications of it either way. In other words, technology can always be used either for the negative toward the darkness, or toward the positive and the Light. It matters not. It is just simply the consciousness behind that is directing these particular technologies.

So the Alliance is in the process of taking this technology, which is a wonderful technology which can take it into the New Golden Age and be able to do it safely. Your president is also very much aware of this, as well as many other world leaders are also, that they are working toward bringing this technology forward in a safe manner.

Of course, there are always those that are of your dark forces, your cabal, all of this, that are attempting to utilize this for their plan of depopulation.

So it depends here on which ones go through first, we will say here. But the orchestration that is occurring is leading it toward the forces of Light being able to utilize this technology in a safe manner. Okay?

Guest: Okay. I was just looking at a website that says it was 'conspiracy theorists,' so I wasn't quite sure if I could 'own' it or not. Thank you.

OWS: Yes. Many are saying everything that is of the Light is 'conspiracy theory.'

Guest: Right.

OWS: Think about that. Everything. If it is of the Light, it is 'conspiracy theory.' If it is of the dark, it is 'the plan that needs to be worked out, and everybody needs to follow,' such as your vaccines, and your ID system, and your masking, and control, and all of these things. Okay?

Guest: Okay. Thank you.

OWS: Yes. Any other questions here? We must say, we miss our Shoshanna, here! WE miss Shoshanna and her wonderful other perspectives that she can bring in here.

Guest: Yes, we miss Shoshanna, but we also love you, One Who Serves! Um, I wanted to ask a question about a comment, a statement that President Trump made a few days ago about we may not see much of him for a while. And then it looks like he retreated to Air Force 1. And I don't know if he is going to be spending a lot of time on Air Force 1 for protection for security, and it's getting down to the wire. Can you speak about that cryptic comment he made about Air Force 1, we won't see much of him, and what's going on currently?

OWS: You have said it in your wording, there, you are 'coming down to the wire.' And that is important here, because that is exactly what is occurring, here. He is potentially removing himself for safety purposes. He is very much protected, so there is no concern of that at this point. But he is removing himself because of various things that are about to be disclosed and being brought about in various ways, here. We will not say exactly what they are, or when. Because, again, we do not know exactly. Because everything can change. But it is a process right now that is coming forward, and it must be that he remove himself from this to allow for these things to come through, here. Okay?

Guest: So he needs to spend time up in the air away from the White House for safety and protection?

OWS: We are not so much going to say up in the air, but that could be. It just depends. He is just simply being advised to remove himself for a period of time, here.

Guest: Beautiful. That's really great news. Thank you so much, One Who Serves.

OWS: Yes. Would there be any other questions, here?

Guest: Greetings, One Who Serves. I would like to inquire about the event that happened in Beirut. It was obviously a large number injured souls, and I wanted to know if this was orchestrated by the cabal somehow, or whether it was truly an accident. Thank you.

OWS: Are you talking about the bombing in Beirut? Is this what you are saying?

Guest: Indeed.

OWS: Yes. What we can tell you is it is certainly that of your cabal. We would not put it that way—not your cabal. It is not your cabal.

But it is those ones that are attempting to wreak havoc wherever they can to take attention away from many things that are in the process of being brought forward. And every time they can take attention away from that, they are able to postpone the inevitable just a little bit longer each time.

And that is their plan. That is their playbook they always will do: draw attention away. Like your magicians are able to do to do one thing with one hand, and then something else is going on in the other hand to take distraction, or bring distraction to you.

This is what they are attempting to do, as well as working to hold the Ascension back, hold the vibrations down. Any time they can spread fear, that is attempting and can, actually, hold vibrations down.

But, there is so much that is coming into this planet in terms of the waves of energy that have been coming in, that it is more and more difficult for them to achieve their purpose of holding the vibrations down. They can almost not do it very much anymore.

Even though it appears as your population is in fear, and all of this, many are not so much in fear, they are just doing what they think they need to do, what they have always been taught to do: to follow the laws, or what they think are the laws, here, even though they are not. So, that is all we can say on this at this point. Okay?

Guest: Thank you very much.

OWS: Yes. Any further question, here?

Guest: I have a question.

OWS: Yes?

Guest: Is it true that the cabal, or the dark forces, use the Violet Flame for their own uses, and then is it supposed to use, like, pink instead of purple, or violet for the flame?

OWS: They are aware of this tool, we will say, here, but are not able to utilize it. It is not for them. It is not for the lower vibrations. It is only for higher vibrations.

And this is why the Violet Flame has been re-introduced to mankind, here, because the vibrations have increased enough over the years to be allowed to bring this through again because of the great power within this. You at this point are not even yet aware of the great power that is within the Violet Flame. You see it as a visualization and hear what it can be used for, but you have yet no idea of the full power behind this, and the 'magik' with a 'k' that can come from this. Okay?

Guest: Yes. Thank you.

OWS: Yes. Any other further questions?

Guest: Yes. This is Lillia. I do have a question. I understand that those who have the opportunity to ascend in the First Wave will be able to regenerate their body. I am wondering what is going to happen to our relatives when they see us back in our new regenerated body, are they going to go through some kind of dimension where they are not going to acknowledge, or it is not going to be such a shock to them to see that difference when, you know, our nephews that are much younger, are almost the same age as us for those who decide to be younger?

OWS: What we can tell you is this is an entirely new paradigm that is being introduced, here. And if you go through the First Wave and have your Ascension, you are the Wayshowers, as has been said many times. You are showing the way to those who are coming after you. And when you are able to rejuvenate your body in terms of being your light body at that point, and show that to people such as your loved ones, and all of this, that will be an impetus for them to begin to awaken as well if they have not already, you see?

Guest: Okay.

OWS: So do not be concerned about the age factor, in terms about how someone looks, whether it is your nephew, your niece, your grandmother, or whatever it is. If all are at the same basic age level appearance-wise, that will become the new norm eventually.

Guest: Thank you very much. Thank you. Namaste.

OWS: Would there be another question?

Guest: I have a quick question.

OWS: Yes.

Guest: As far as being the First Wave, is the plan that, I guess, December 21st, the Winter Solstice, is that wave of energy what is going to create the First Wave? Can you tell us that?

OWS: We are going to say it is a very strong impetus. It will have a great impact on that. As we have said many times, you are already in the Ascension process. In order for that First Wave to develop, or for those of you to be in that First Wave of Ascension, it will take a great impact or impetus to propel you in that respect, and that is what The Event is for, here.

Guest: And that is considered 'The Event,' then?

OWS: The First Wave of Ascension? No. The Event will lead to that First Wave of Ascension.

Guest: Oh, okay. Got it. Thanks.

OWS: Yes. Any further question, here, before we turn to your e-mail question?

Guest: I have a question.

OWS: Yes?

Guest: Hi One Who Serves. Thank you. Are we receiving more Galactic star family coming down lower into our atmosphere, not only for support, but at that time where more is maybe needed, or asked to come a little bit lower? Because I have been seeing new ones as well. I did ask. I was curious about that for quite a long time if they would be coming, more would be coming. Finally I asked not too long ago and the answer was 'yes.' And more have come. Quite a bit more. And I have been seeing new ships, different ones. Really exciting. So, what do you see?

OWS: We think you have already answered your own question, here. Absolutely 100%, there are more that are coming because your vibrations, your collective vibrations, are increasing. And as your collective vibrations increase, those from other dimensions, those from higher levels of consciousness can be here, then, more fully, here, with you. And again, it is always for those that have eyes to see and ears to hear. And you, particularly, have that vision that occurs to you, not all the time, but here and there, we will say, glimpses you are getting. And this is because of the higher vibration both within you and the collective you as well. Okay?

Guest: Yes. Thank you. Very good.

OWS: Yes. We need to release channel. But we will take your e-mail question, and then we will release.

Guest: Yes, thank you, One Who Serves. Perhaps the two questions can be woven into one. This person is asking of the Galactic exposure, will it be happening by the end of 2020, and then is the gathering going to happen a few years after? Thank you.

OWS: Very good. There, again, is that 'time thing' that many of you are wondering about. Is The Event going to happen at the end of this year? Is disclosure, Galactic disclosure, going to happen at the end of this year? And our answer is always going to be the same: we cannot tell you directly when this will be, because it is not dependent on time, it is dependent on vibration, vibrational frequencies increasing. And as these vibrational frequencies continue to increase, the probability and possibility of The Event occurring becomes stronger and stronger.

Now we can tell you at this point right now that you are in, in this very moment, you are getting very close to the potential of The Event occurring at the end of this year, just as you have been told by several sources, now. Now that can certainly change.

Just as there were many things that were going to occur that were going to propel you toward the New Golden Age in your 2001. Some things were going to occur there, but there was a dark influence that happened, your 911, as you know it. And that changed much there at that time.

But the Alliance has learned a great deal since then of how to work to overcome the various plans of the nefarious ones, the dark forces, here, and they are doing everything they can to make sure that they learned from that situation, and that it shall never happen again.

So the Galactic disclosure is coming very close. We can say that to you at this moment now. But it is already in process, if you think about this. Many of you are seeing ships. Many of you are taking pictures of ships, videos of ships. When we say you, we are not talking about you in this group, we are talking about the you, the collective you across the entire planet. It is happening more, and more, and more now. Similar to back in the 1940's and 1950's when there were many, many sightings. But then they were backed off because of your cabal and everything interfering with these showings, these sightings, and all of this, and attempting to turn it around to their favor so that they could block everything.

Remember, this is all about their attempt to block Ascension. That is what this all is. All of it: the mask, the six-foot distance, or the social distancing, rather. Everything that is occurring is all about that: your chem-trails, all of these things are about blocking the sun, holding Ascension off, bringing fear up so that vibrations remain lower, and all of this.

But as we say, the Alliance is aware of their playbook. They have the ability now to see somewhat into the future and are able to see what the cabal is going to do before they do it. And this has helped tremendously to continue to stay one or even two or three steps ahead of them at all times, here, now.

So that is why you have not had any major catastrophes, even though this one that occurred in your Lebanon, even though that appears to be a major catastrophe, it is not what it could have been, or what they had intended, not only for this area, but for many other areas as well. That has all been curtailed, all has been stopped, here, as we find it.

So everything is exactly as it needs to be, and continues to be orchestrated, and they cannot stop what is coming. You have heard this from several different sources. They can no longer stop what is coming. Ascension is going to go on just as it was planned, here, all along. Disclosure is going to happen whether it is at the end of this year, or into the next year, or whenever. It is all going to come about, here. Okay?

We need to release channel, here, now. And we just want to say to all of you: we appreciate everything that you have brought to this group to continue to bring this forward, to continue to take the advice, the guidance that we give you along the way and utilize it in various ways. Maybe not all at once, but little by little, you are getting it. And that is very important: that you get it. Okay?

Shanti. Peace be with you. Be the one.
